

Letters from Animals

Suggestions on how to use the worksheet:

- Use to study Australian animals: A student or teacher reads out the letters, and the rest of the students guess which animals have sent them.
- Use as samples for writing their own 'letter from an animal' for a presentation, after the students have done some research.

Explanation:

The letters are supposed to be written by Australia's unique animals explaining their own characteristics. For detailed information on the animals, please refer to the book *Who did that?*.

Answers:

1. Koala
2. Wombat
3. Frilled neck lizard
4. Kangaroo
5. Kookaburra
6. Platypus
7. Echidna
